To:

Dear Families of Westport Students,

I will host sessions on the following two days to provide direct opportunities for feedback on the options for space utilization PreK-12 in 2019-20 as follows:

**Tuesday, November 27 at 7:00 p.m. in LLS Auditorium**

**Wednesday, November 28 at noon in the Town Hall Auditorium**

Thank you for all of your emails expressing your thoughts and opinions on these important matters. Every message is read and processed as part of our work to determine the optimal choice for our students' educational program next year.

If you are up early tomorrow morning, the BoE Finance and Facilities Committee will be meeting in Town Hall at 7:30 a.m. in rooms 307/309. You are welcome to join us or watch live from home.

Our entire District is committed to sustaining the excellence of our educational program while we manage the facilities issue before us.

Sincerely,

Colleen Palmer
